

Our professional service will provide you with a peace of mind that your family is safe from fireplace and chimney fires.

"I do a lot of entertaining and love to use my fireplace. I had not had the fireplace cleaned in a while. I have light carpets and I was very concerned about the mess. To my satisfaction, **The Chimney Guy** and his professional staff had the chimney and fireplace cleaned in two hours. I had a dinner party that evening and I was delighted. **Absolutely No Mess!**"

- John C.
Resident of Somerset MA.

"I smelled a chemical like odor every time we lit the fireplace. I called **The Chimney Guy** for a **Free Level I Inspection**. The technician detected a dangerous creosote buildup that was leaching carbon monoxide into our home. I am so glad I called **The Chimney Guy**."

- Phyllis R.
Resident of Westport MA.
